Materials of Susan A. Porter

Among Nixon Presidential Materials 1969-1974

The Presidential historical materials of Susan A. Porter are in the custody of the National Archives and Records Administration under the provisions of Title I of the Presidential Records and Materials Preservation Act of 1974 (P.L. 93-526, 90 Stat. 1648) and implementing regulations. In accordance with the act and regulations, archivists reviewed the file group to identify personal and private materials (including materials outside the date span covered by the act) as well as nonhistorical items. These materials have been returned to the individual who has primary proprietary interest.

Materials covered by the act have been archivally processed and described in this register. Items that are security classified or otherwise restricted under the act and regulations have been removed and placed in a closed file. A Document Withdrawal Record (NA Form 1421) marks the original position of the withdrawn items. Employees of the National Archives will review periodically the unclassified portions of closed materials for the purpose of opening those which no longer require restriction. Certain classified documents may be declassified under authority of Executive Order 12356 in response to a Mandatory Review Request (NA Form 1420) submitted by the researcher.
